

Project Timeline Proposal - Evoteco Sdn Bhd.

Company Name: Agriculture Solutions Ltd.

Project Title: Sustainable Crop Growth Enhancement Program

Project Timeline: January 2024 - December 2024

Project Phases:

1. **Phase 1: Market Research and Analysis**
 - **Duration:** January 2024 - February 2024
 - **Activities:**
 - Conducting a comprehensive market analysis to identify high-demand crops.
 - Surveying local farmers to assess resource availability and potential challenges.
 - Finalizing the program's scope based on research outcomes.
2. **Phase 2: Soil Preparation and Resource Allocation**
 - **Duration:** March 2024 - April 2024
 - **Activities:**
 - Procuring necessary agricultural supplies and equipment.
 - Allocating resources to pilot sites in selected regions.
 - Conducting soil tests and preparing fields for crop cultivation.
3. **Phase 3: Pilot Crop Cultivation**
 - **Duration:** May 2024 - August 2024
 - **Activities:**
 - Initiating pilot crop planting and implementing modern farming techniques.
 - Providing training sessions for farmers on sustainable practices.
 - Monitoring crop growth and making adjustments as needed.
4. **Phase 4: Harvesting and Data Collection**
 - **Duration:** September 2024 - October 2024
 - **Activities:**
 - Harvesting crops from pilot sites and recording yield data.
 - Conducting quality assessments to ensure standards are met.
 - Compiling feedback from farmers to refine methodologies.
5. **Phase 5: Program Review and Expansion Plan**
 - **Duration:** November 2024 - December 2024

- **Activities:**

- Analyzing data to evaluate the program's impact on crop yield and farmer income.
- Preparing a report on pilot results and suggested improvements.
- Planning for wider implementation in 2025.

Project Deliverables:

- Detailed progress reports at the end of each phase.
- Comprehensive end-of-project review and future recommendations.
